

Would You Like An

Earthquake

Alert

System

+ fires, pandemics, etc?

When EAS+AWARN/AEA messages are transmitted via digital broadcasting to compatible receivers, then map information for pandemics, push publication of Public Safety documents, flood maps, Earthquake Early Warning and more can be provided. An introductory email could be sent to your office from fbell@kynx.us.

Also see <https://kynx.us>. Cell:+1(973)460-0722

EAS+ is an optional feature (not a mandate) for consumer receivers.
